Ref. No.6(29)/LC/Bharat Auction/2021/

Dated 02.06.2023

Circular

Subject: Continuous processing of lot -regarding

This is regarding the replacement of batch-wise processing of lots by continuous processing feature, as suggested by various stakeholders for increasing sale-speed and completion of auction within the day's schedule. Board's circular no.464 dated 05.04.2023 may be referred in this regard. A demo on the continuous lot feature was given to all concerned, especially the buyers during mock auction held on 10th April 2023 at all auction centres. Since no adverse feedback was received from the buyers after the mock, Board had released the same in live auction few days back. However, upon implementation, strong objections have been received from the buyer fraternities, particularly from South India stating that the feature is creating hindrance in smooth operation by them.

The matter has been dealt with concern by the Board and considering seriousness of the issue, the feature, i.e., batch wise processing of lot is hereby restored in Bharat Auction in place of continuous lot from next sale of all auction centres. The continuous processing of lot shall be kept in abeyance until further order.

All concerned are, therefore, requested to take note of the above and do the needful as necessary.

This issues with the approval of Competent Authority.
